IMPORTANT INFORMATION

- The material should be cleaned manually using grey soap and a soft brush. In case of persistent contamination, apply a degreasing agent, allow it to sit for a few minutes, then rinse thoroughly with water.
 - This product is not intended for use during strong winds, heavy precipitation (rain, snow, hail), thunderstorms, or under extreme temperature conditions. The arch must be installed exclusively on stable, dry, and level ground.
 - Each leg is equipped with one safety valve (red) and one inflation valve (black).
-
