

Product name: adTent Air Premium Automatic	Manufacturer / Importer: adsystem sp. z o.o. ul. Atramentowa 11, 55-040 Bielany Wrocławskie NIP: 8942678597 +48 672 672 000
Product description: Constant-Pressure Inflatable Tent with Built-in Air Pump	

TECHNICAL SPECIFICATION

Construction and system				
Available Sizes	3×3 m 4×4 m 5×5 m 6×6 m			
Construction	constant-pressure inflatable structure, integrated smart air pump with automatic pressure control, 4 inflatable legs with TPU inner bladder			
Pneumatic Bladder	TPU 0.3 mm, polyether-based			
Ciśnienie robocze	2,4 PSI			
Canopy & Printing				
Fabric	coated polyester			
Fabric weight	225 g/m²			
Printing technology	sublimation / transfer printing (full-colour CMYK)			
Printing available on	roof, walls, legs, awnings and connecting elements			
Dimensions & Technical Parameters				
Parameter	3×3	4×4	5×5	6×6
Width [m]	3.2	4	5	6
Length [m]	3.2	4	5	6
Entrance height [m]	1.9	2	2.5	3
Total height [m]	2.4	2.7	3.3	3.9

Covered area [m²]	11	16	24	36
Approx. setup time [min]	10	10	15	20
Setup persons	1	1	1-2	1-2
Configuration Weights and dimensions				
Parameter	3×3	4×4	5×5	6×6
Base structure weight*	ok. 18 kg 47x47x47cm	ok. 22 47x47x47cm	ok. 28 90x47x47 cm	ok. 36 90x47x47cm

Built-in Smart Air Pump				
Power supply	DC 12V			
Input voltage	5V / 2A			
Power	120 W			
Max pressure	3 PSI			
Max airflow	800 l/min			
Battery capacity	9000 mAh			
Dimensions	10x7x10.5 cm			
Weight	400 g			
Working time	30-45 min			

Other	
Intended use	For outdoor use
Package Contents	structure automatic pump wheeled bag set of ropes and anchors set of velvies

WAŻNE INFORMACJE

- Clean the material manually using grey soap and a soft brush. In case of stubborn stains, spray with a degreasing agent, leave for a few minutes, then rinse with water.
- The product is not intended for use in conditions of strong wind, heavy precipitation (rain, snow, hail), or storms.
- Each leg is equipped with one safety valve (red) and one inflation valve (black).

*Weights and dimensions are indicative and may vary depending on configuration and additional equipment.
